

CityPointe – U.S. Home Sale & Home Buying Cash Back Program

CityPointe (<http://109.199.115.47/~olerrelo2/wp-content/uploads/2017/09/CityPointe-UVL-Brochure.pdf>) is one of our many solutions to reducing your relocation costs while at the same time enhancing your moving experience with NO FEE added services designed to ease your home transition.

First and foremost, CityPointe puts money back in YOUR POCKET!

We offer a “cash back” option that earns you approximately \$5 for every \$1,000 of your home’s value either sold or purchased. In order for you to be eligible for the cash back option, you must use one of our preferred real estate agents AND move with Oler Relo Group.

Your CityPointe coordinator will provide you with 3 professional local real estate agents for you to interview. Pick the one you prefer to handle your home sale and / or home purchase and you are on your way to a nice cash back reward.

Destination Information: With this program you will also have access to our web portal that contains information to help you settle into your new community and home. The portal can be searched for facts on your destination city’s demographics, climate, crime, education, health and housing statistics. With the many challenges of moving, it is comforting to have an information tool specifically designed with you in mind to access.
